

The Literacy Across the Curriculum Pocketbook is for teachers of all disciplines. Based on the principle that teachers do not have to be literacy experts to promote LAC, it offers practical, classroom ideas and strategies for embedding literacy skills across all subjects. Sections entitled: Speaking for Success; Write Better; Vamp up Your Vocab; Splendid Spelling; and Raring to Read contain essential knowledge and theory alongside easy-to-implement ideas, all supported by clear examples and case studies.

Caroline Bentley-Davies began teaching in the mid-90s. She has been a middle leader in three schools, a Local Authority Education Adviser and a school inspector. She now runs training sessions for teachers. Over a five-year period she has taught demonstration lessons in over 80 schools.

Caroline is also author of the bestselling Outstanding Lessons Pocketbook (see panel to the right). She says: 'The tips in this book will help you to teach stunning lessons that will make an impression on your pupils and knock the socks off your observers'. The book includes chapters on developing great relationships, lesson planning, keeping pupils centre-stage, 'the X-factor' in outstanding lessons, resources and techniques, motivation and reflective practice.

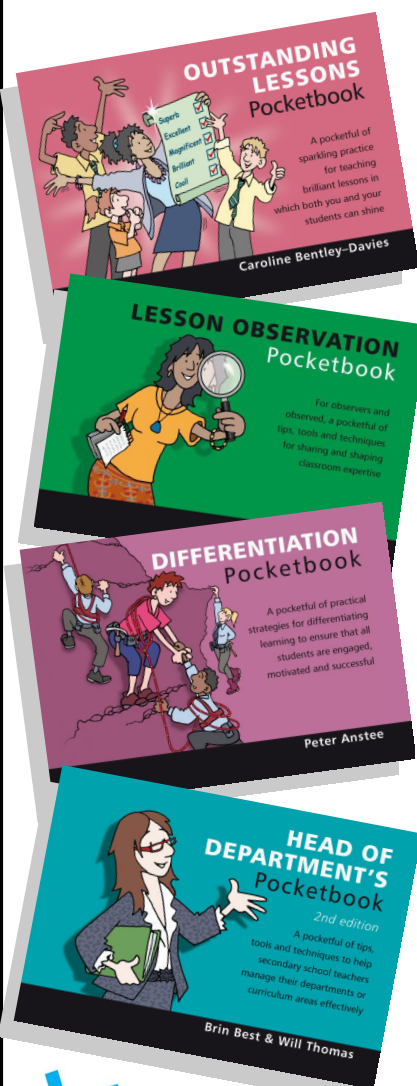

'Caroline presents a wealth of relevant and motivating tips to raise the quality of teaching. This book will be a source of inspiration and reassurance for teachers at any stage of their career.'

David Ludford, Head of Junior Department
